

POLICY ADOPTION

Adoption of new policies or the revision or repeal of existing policies is solely the responsibility of the board. The board will review each policy proposal in three separate readings.

Designation of policy adoption must be approved by the board of education. During discussion of a policy proposal, the views of the public and staff will be considered.

Amendments may be proposed by board members. An accepted amendment for a policy or procedure being adopted or revised will not, however, require that the policy go through an additional reading except as the board determines that the amendment needs further study and that an additional reading would be desirable.

Under unusual circumstances, the board may temporarily approve a policy to meet emergency conditions; however, the above process is required before the policy will be considered permanent.
