

RECRUITMENT AND APPOINTMENT OF SUPERINTENDENT

The appointment of a superintendent is a function of the board. If a vacancy occurs, the board will conduct an intensive search to find the person it believes can most effectively translate into action the philosophy and policies of the board and the needs of the community and the professional staff.

The board may seek the advice and counsel of interested individuals or of an advisory committee, or it may employ a consultant to assist in the selection. However, final selection will rest with the board after a thorough consideration of qualified applicants.
